Finance Heads Council Agenda

DISPARITY IN BUDGETS, ACCOUNTS TOPIC IN LENGTHY STUDY SESSION

Lack of proper balance between estimated budgets and actual accounts in Daly City was the subject of a lengthy study session on finance held by the city council Tuesday night.

In a four-hour session the council took up the budget-accounts relationship and numerous other city finance problems with City Clerk B. C. Ross, Herbert Thielmeyer, city auditor, and Paul Selmi, treasurer, on hand to give suggestions to improve the system and also air their gripes.

Tuesday's meeting was the first of a series of finance meetings the new council hopes to hold on a quarterly basis.

Poor Policy

Asked by Mayor Joe Verducci if the administration was doing a good job when there was no balance between budgeted items and money in accounts, Ross said "It's poor policy and the situation has been developing more and more in late years."

The fact that certain accounts have perennially been in the red ink has resulted in widespread use of the "transfer system."

Thielmeyer explained that a certain account might show a deficit, although the money is there to cover it in the general fund. In this case transfer of moneys from one account to another has been necessary.

Nothing Illegal

City Attorney Frank Blum said there is nothing illegal about such transfer, "But it's very poor administration," he added.

Blum explained further that on many occasions transfer of money from the general fund was necessitated on projects financed by state moneys, such as the gas tax fund. "In situations like this we spend the amount of money we know we'll receive from the state. In such a case money from the general fund is used until the state has forwarded the tax money, then that money is transferred back to the general fund."

Minor "Feud"

Also taken up at great length Tuesday was the "differences" in methods between City Clerk Ross and Treasurer Selmi.

Apparently their long-standing "feud" on accounting methods boiled down to a lack of coordination in methods, through no fault of their individual systems. Verducci called for Ross, Selmi, Thielmeyer, Blum and Andersen to sit down and work out the financial problem so that a single efficient system could be developed.

Stabilizing moneys in one fund, rather than transferring money from time to time, may result in several thousand dollars a year interest to the city, Selmi pointed out.

Interest For City

Selmi said that if money were set in one separate fund and left there for a while, he could set the funds up on a time deposit, thus drawing interest for the city.

"We're losing interest money all the time because I don't know what moment the city might decide to transfer funds," Selmi declared.

Of second importance to the council in their study session was transportation. May 21 at 8 p.m. was established as the date for an open meeting at which time all interested citizens and organizations will gather at the council chambers to offer their proposals on transportation.

Councilman Del Wilson, chairman of the transportation committee, along with Micheal De Bernardi, made their bid for establishing jitney service here.

"What Guarantee?"

Verducci asked, "Where will Daly City be if we bring the jitneys here and the muni bus pulls out? What guarantee have we got from the jitney owners?"

Wilson said "I can assure you they will put up a bond to guarantee service for at least five years."

Sanford Vickers said he would be for the jitneys if the city could be assured they'd get better service at a reasonable cost. "It seems to me," he said, "that the people will be paying more for jitney service than they do for the muni buses."

He explained his remark by

THE TOWN RECORD

By MONTE DAYTON

One DC lady who just returned recently from more than a year's siege in the hospital is awful mad at one of her neighbors.

During her long hospitalization, she never had a chance to throw a party for her young boys, so on returning she decided to make up for lost time.

So what happens?

Along about 10:15 p.m. when the some 50 guests are partying (to the innocent tune of cake, ice cream and soda pop) neighbor in question calls the cops, who respond post haste, tell the lady to cut out the party stuff, it's too "wild," the neighbor sez.

So her boy went to bed in tears, without getting a chance to open his present.

And the lady who called the coppers even had an invitation to attend the party.

"Is it true in Daly City we have to go to bed with the chickens," asks the lady whose party got the quietus treatment at 10:15 p.m.

Election blues: ED WEISENBURGHER, Colma clerk since before when, was re-elected to his position April 13 as is tradition in those parts.

But a few days after the ballot casting he wasn't a very happy man.

While burning trash in his back yard, he contracted an un-identified rash, and it's had him hospitalized for the past two weeks.

He's home again this week and up and around.

But he's left the doctors in a state of apoplexy.

They've never seen anything like it in medical history.

Maybe he's formed an allergy against elections after all these years.

Trying to raise an abundant crop of votes in the north end for the incumbent DA is DAN CASENTINI of Colma, Italian-American Citizens club exec.

Hustling the electorate in the same direction out Westlake way is FRED BERTETTA, local planning commissioner and oil man.

Seen at the ROY SEAGRAVES (He's for the DA job) testimonial in Burlingame last week was Supervisor THOMAS J. CALLAN of Colma.

Asked if his attendance at the dinner indicated a preference in candidates for the chief prosecutor's job, he said, "I attend all of them," which still leaves everybody guessing.

Library Commission Submits $16,000 Budget For 1955

The library commission submitted a proposed budget of $16,000, $3000 more than last year's, to the city council Monday, according to library commission chairman, Wayne Carr.

The new budget, despite the $3000 increase is still the city's smallest, Carr stated.

"Our budget absolutely has to be increased," Carr said. "Not only must we purchase more new books than ever before and buy new metal stacks, but we must also anticipate the salary increase that is being contemplated for all city employees. With all these expenses facing us in the coming year, I don't feel that the size of the budget is in the least out of line. In fact, if we don't receive that amount we request it will work a very serious hardship on the library," Carr explained.

Of the city tax dollar about 13 cents out of every $100 goes into the library budget. The library budget for last year was 8.8 per cent of the entire Daly City budget.

Pepperettes Win Twirling Trophy

The senior Pepperettes were awarded first prize in the Los Banos Chamber of Commerce parade competition in Los Banos on Sunday according to Mrs. Barbara Mercer Sunderland, instructor.

The Pepperettes, teenage girls' group, received the first place trophy for twirling in the event which is the largest in northern and central California.

Winning first place in what was only their second appearance were Joy Beecher, Arlene Callen, Peggy Johnson, Betty Johnson and Mrs. Sunderland.

Find Teenagers In Arizona With Stolen Car

A missing 14-year-old boy and a stolen Chevrolet belonging to William T. Webb, 560 Hillside, were located Friday near Kingman, Arizona.

The youth, who left home Thursday with his clothes, two suitcases and a .32 caliber revolver, was captured by deputies of the Kingman sheriff's office when the stolen vehicle became involved in an accident and turned over.

The boy, who has a previous record for car theft, was accompanied by a 16-year-old South San Francisco youth.

OFFICE MACHINES STOLEN FROM AUTO DEALER

A Remington adding machine and a Remington typewriter were stolen from the office of the Suburban company, 6770 Mission st.

The machines, valued at $343, were removed from the office Tuesday afternoon at approximately 3:30 p.m., according to owner Anthony D'Aquisto.

The culprit entered the establishment through the front door. Though the door was supposedly locked, police reported that there were no visible signs of a forced entry.

THREAT OF PLAGUE IN COLMA IS SLIGHT SAYS HEALTH DEPARTMENT

Dr. Harlin Wynns, assistant to Dr. Harold D. Chope, county medical director, stated today that the threat of bubonic plague presented by the rats in the Colma area is so slight that it offers only an infinitesmal threat to the public health.

"There is evidence to prove that there has been plague in California since the 1890s," Dr. Wynns said. "It is not unusual to find a lone rat in an isolated area with fleas that are carrying the plague. There is no great threat presented by these rats. The potential is always present in the state but it is nothing like the threat that existed in Europe until recent years," Dr. Wynns continued.

"The state department of health has assured Dr. Chope that everything humanly possible is being done to clean up the rats in the Colma area as fast as possible. However, even if we had not re-

LOCAL GARDEN CLUB RECEIVES NATIONAL AWARD

Daly City's Garden club won national recognition recently when their newsletter, "Daly City Garden Bulletin," was awarded honorable mention in the recent competition held by the "Flower Growers Magazine" and the National Council of Garden clubs.

A total of 174 clubs across the United States were entered in the competition. Daly City was the only California community to win honors in the competition.

John R. Whiting, editor and publisher of the Flower Growers Magazine, presented the award in absentia to Mrs. Adeline Walker, president of California Garden Clubs, Inc.

Mrs. Walker will in turn present the award to the Daly City Garden club representative at the Twenty-Third annual meeting of the California Garden Clubs, Inc., to be held in Santa Rosa today (Friday).

Mrs. Bernice Yohn, president of the Daly City club and editor of the "Bulletin," will receive the accolade.

JEFF HIGH SCHOOL DISTRICT DISCUSSES NEW SCHOOL PLANS

The board of trustees of the Jefferson High school district met with Westmoor High school architect Mario Campi on Monday night to discuss plans for the new school.

According to Stanford Hannah, superintendent of the district, Campi will require a year to complete the plans for the school.

Hannah stated that the school should be open in the fall of 1956. Enrollment in 1956 should be 600 students, he added.

"By 1960 we will have an enrollment of 1200," Hannah said. "The school will be built to eventually accommodate approximately 1500 students," he explained.

"People have been asking why we haven't had another high school before—the reason is simple. We just haven't needed one. Now there is a growing need for another high school and enough pupils in the area to make two high schools feasible," Hannah concluded.

Police, Fire Depts. Fail In Effort To Save $5000 Dog

Members of the police and fire departments worked for three quarters of an hour Tuesday to save the life of a prize-winning English bull dog stricken with pneumonia.

George De Bono, Keith Schrock and Chief Elmer Kennedy of the fire department and Jerry Galindo of the police force worked for almost an hour with the resuscitator in a vain effort to save the life of three-year-old Benento Velvet Jasmine, owned by Mr. and Mrs. Charles Griff, 106 Peoria street.

The dog, who gave birth to a litter of puppies on Sunday, was reportedly valued at $5000.

Jeff Class Of '44 Plans Reunion During June

Plans to hold a Jefferson Union High school class of '44 reunion, to be held in June, are being made by the officers of the class according to Hen Hatt, 1123 Gaillardia Way, East Palo Alto.

The committee has been able to contact a large number of the class members but it has been impossible to reach many of the former classmates, Hatt said. For that reason, Hatt explained, relatives and friends of persons who graduated from Jefferson in 1944 are asked to pass on information concerning the reunion.

Graduates of '44 and other members of the class, who for some reason did not graduate with the group, are asked to phone Hatt in East Palo Alto at DA. 2-4810.

Members of the reunion committee include Hatt, Gene Lowery, Bud Fellows, Mrs. Dorothy Nelson Ellis, Mrs. Lenore Ross Rigler and Mrs. Dolores Thomas Van Kirk.

COLMA SCHOOL TO AWARD CONTRACT THURSDAY, MAY 13

A special meeting of the Jefferson Elementary school district board of trustees has been called for May 13 for the purpose of awarding the contract for the Colma Primary school.

The board will meet in the office of H. C. Weibel to award the contract to the Elvin Stendell company of San Francisco. The bid of $230,540 made by the company was the lowest one presented to the board.

Bids were received and taken under advisement on April 22.

CITY TO SEEK LOCAL SET-UP IMMEDIATELY

The city council is expected to act immediately on action taken Tuesday by the county board of supervisors allowing the holding of court in Daly City one day a week.

The board voted unanimously to allow Municipal Judge Thomas L. Bocci to hold court here once a week for the benefit of Daly City residents. A stipulation of the move was that the city council chambers be used for holding court, and that no additional money be spent for court facilities here. Since the Muni court is under jurisdiction of the county, any improvements at the judge's proposed local office would have to be financed by the county.

Ever since the inauguration of the municipal court, a year ago, which did away with Daly City's justice court, local officials have attempted to bring court here one day a week.

As it now stands, local residents having court matters must travel to South San Francisco, where the muni court is located.

It is believed the city will seek to have Bocci handle all type cases in his one-day a week here on the bench, instead of merely acting as a traffic fines bureau.

This would mean that civil and criminal cases could be disposed of here, as well as vehicle code violations.

The move is expected to save the local police department many man hours, since now the officers have to travel to South San Francisco to appear in criminal proceedings involving Daly City residents.

Judge Bocci has made no comment as yet regarding the board's action Tuesday. However, he had indicated previously that he would be willing to sit here one day a week if this met with the county's approval.

Mayor Joe Verducci said he thought the council would "act immediately" to establish the one-day court here. "I hope that the Judge will be able to handle all type cases here, since it will be quite a convenience for local people."

City Administrator Dan Andersen has been asked to contact County Manager Robert Stallings to proceed with the necessary groundwork which will bring the court here.

NICKELS, WINE BEER ARE STOLEN

Thieves escaped with $18 in rolled nickels, one case of Franzia port wine and one case of Gold Label beer from Eve's Place, 6582 Mission street, Friday night.

The culprits repeatedly struck the back door of the restaurant belonging to Robert J. Harvey, 1011 Hillcrest, with their shoulders until they were able to obtain admittance the police report stated.

SEVENTEEN "RESIGN" AT JEFF ELEMENTARY

Jefferson Elementary school district re-hired 118 of the 140 teachers employed by the district at a recent meeting of the board of trustees, according to Superintendent H. Z. Weibel.

To date Weibel stated that 17 resignations have been received and five other teachers have notified the board that they may not wish to teach in the district next year for various personal reasons.

The numbers and names of persons who came up for tenure have not been announced at present. The tenure ruling provides that all teachers re-hired for the fourth consecutive year or more must be classified as permanent.

Last year Jefferson High school district, faced with the tenure ruling for the first time, cut eleven teachers from the faculty. This year, however, the district rehired the three teachers coming up for tenure.

In other business of the board, Weibel stated that if the contract for the Colma primary school is awarded next Thursday, as scheduled, the new school should be completed in June or July of next year.

The school, according to Weibel, will contain ten rooms and have a faculty of nine. It will be located on Hillside and Market street, adjacent to the Colma school. The school will be equipped to teach kindergarten through the third grades, Weibel said.

Threat Of Plague In Colma Is Slight

ceived such assurance from the state it would not have been possible for the county medical association to move in to do the job as the area is completely out of our territory," Dr. Wynns concluded.

News that Dr. Chope was dissatisfied with the job of exterminating the plague carrying rats in the three-acre "pocket" in the San Bruno hill behind the cemetery in Colma was printed earlier this week in a San Francisco paper.

The rats apparently thrive as a result of plentiful food at the nearby hog ranches, where the stock is fed garbage, Chope explained.

Last July, investigators for the U. S. Public Health service and the State Health department recovered plague organisms from fleas harbored by the rats.

Since then check-ups and laboratory tests at the U. S. Public Health Service hospital in San Francisco have shown continued presence of the bacilli, Chope revealed.

Row Develops

One row developed during the long Tuesday meeting over two councilmen's appearance at last week's planning commission meeting.

Wilson said "It looks like the councilmen were trying to railroad through some business on the agenda."

Dennis who, along with Vickers, attended the commission meeting, said "Sure I was at the meeting. I'm not trying to hide anything."

Vickers retorted at Wilson, "I resent the insinuation. I was secretary of the commission and still had some business to clear up. I believe it's every councilman's duty to attend the commission meetings."

When Wilson started to speak again, Vickers snapped, "Be quiet. Let's be careful about these insinuations."

THIEVES ROB CLUB "101" OF $60 IN CASH

Police hoped today to locate thieves who broke into the "101" Club, 7392 Mission street Friday morning and stole $60 worth of cash and jewelry.

Silvio Ballentine, 32 Market street, reported that the culprit or culprits removed four $5 bills, $30 in rolled silver, one pair of ruby colored cuff links with four chip diamonds and seven portuguese, value unknown.

Police believe that the thief or thieves were frightened away by the policeman who was checking the stores along Misison street.

Admittance had been gained by breaking out the rear window after efforts to pry open the back door failed.

LEAGUE HITS THE JACKPOT

With the Jefferson Elementary School board race reaching cross country proportions, a total of 14 candidates being entered, it appears the initial effort of the League for Better Schools has paid off.

The League, as it identifies itself in the by-laws, is a group interested in encouraging qualified candidates to run for school board positions.

Whether all the candidates are qualified is not for us to say, but the League has assuredly encouraged a large turnout—the largest in Jefferson Elementary School district history.

There are some misgivings on the part of the people who were not chosen among the six the League deemed most qualified.

That, in part, was probably one of the reasons some of these people filed for the board.

It's a difficult job for a group of some 50 lay people to sit down and determine who is most qualified to serve on the board of trustees.

In many instances their choices might be wrong.

But the long-range idea behind the League is a commendable one—to promote more interest in school board activities.

Nobody will know whether the League's action benefited the district until after the candidates elected May 21 have served out their terms.

Nevertheless, the League for Better Schools does seem to be a step in the right direction.

LION TALES

By Joseph Belli Jr.

The district convention of 4B2 at Hobergs was attended by the following delegates and their wives, Mr. and Mrs. Walter Rector, Mr. and Mrs. Roy Arneson, Mr. and Mrs. Elra Neville, Mr. and Mrs. Nathan Jenkin, Mr. and Mrs. Joseph Belli Jr., and Mr. Milford Battye.

The district called 4B2 consists of 58 Lions clubs covering an area from San Francisco to Carmel and the whole area in general is supervised by a district governor appointed and elected yearly at the Hobergs convention. The new district governor for the coming year, beginning July 1, will be Jud Holland of Burlingame Lions club.

Some 600 persons attended the convention and of that amount 206 were delegates and 92 were alternates.

Many awards and presentations were made at the convention and of interest to the delegates of the Daly City-Colma Lions club was the presentation to the club of an achievement award plaque for visiting other clubs and accumulating the most miles in visiting, than any other club in the district. Ed Weisenburger was chairman of the committee.

This award will be presented to the club by the district governor in the near future.

Guest speaker for Wednesday, May 12, will be the Walter Mails of the San Francisco Seals and his speech is to be "The Baseball Outlook."

An important administration committee of the club is the attendance committee and the chairman of this committee insists on 100 per cent attendance at meetings. Demands 100 per cent cooperation. Contacts directly all would-be absentees by telephone, personal visit, letter, bulletin, committee and "buddy" system. Encourages attendance at zone, district and association meetings and conventions. Makes regular monthly reports to Board of Directors and quarterly reports to the club. Chairman now in charge of the above committee is Lion Thomas Laramie.

Safety News From Your Local Police

CHILDREN KILLED

More school-age children were killed by automobiles last year than by any other single source. Nearly half of these 2,450 fatalities were pedestrians, and among these pedstrian deaths, the greatest number resulted from playing in roadways, darting out between parked cars, and crossing streets between intersections.

These figures should warn motorists to drive particularly carefully past playing children. A careless child can't be expected to know the perils of the highway. His safety is the mature motorist's responsibility.

ANGRY DRIVERS

A wit has said that anger improves nothing but the arch of a cat's back. It certainly doesn't improve a man's or woman's driving. A wise rule, is never to take the wheel of a car when you are angry or emotionally wrought up. Your attention, beside being in a temporary abnormal state, is concentrated on inward feelings and too often indifferent to traffic hazards.

LOOK-SEE SAFETY

When an interesting scene or unusual roadside object comes into view, motorists are tempted to slow up suddenly on a highway. Drivers should be on guard against the quick urge to "look-see" if it mean san abrupt slackening of speed that may cause a rear-end collision. Always seek a safe turnout place to slow up or pause to admire a scene or attraction.

Philip Moreno Jr., 29, of 302-B Carl street, driver of the car which struck the youngster, stated that he was traveling east on Alemany when Susan, who had been walking started to run across the street.

"I applied my brakes and pulled the steering wheel to the right but it was too late to avoid hitting her," Moreno stated.

Moreno took the girl to Alemany Emergency hospital where she was treated for shock.

My Mad World

By Leonore Brewer

For the devotees of the Opening Night, Monday, May 17, would be a good time to be able to defy the law that says that nobody can occupy two places at the same time. We have mentioned previously that "Brigadoon" opens the Civic Light Opera Season at the Curran that evening, but we have yet to remind you that next door at the Geary Theatre is Opening Night for the spectacular Azuma Kabuki Dancers and Musicians, who bring their famed chorreography to San Francisco for the first time and for only a limited two-week engagement.

Having recently watched with regret the San Francisco Ballet Company pack their tutus away till another season, we are prepared to welcome another dance form, whose highly integrated 300-year-old tradition is to us a completely unknown world.

Azuma Tokuho, the chief attraction of this first troupe of bone fide Japanese dancers ever to appear in America, is a direct heir to the centuries' old Kabuki tradition, as her father was Uzaemon XV, the fifteenth actor since the 17th century to hold that hereditary acting title.

She brings a troupe of twenty-five dancers and musicians who will present eighteen works of drama, song and dance of which fifteen are derived from the repetory of the Grand Kabki Theatre iself, one of Japan's national treasures. The Kabuki dance is a development and refinement of ancient Japanese dances, recognized in modern times as a choreographic movement usually telling a story which is chanted by narrators to the accompaniment of such native instruments as the Koto, which resembles an elongated dulcimer with a slightly convex sounding-board on which thirteen strings are stretched and which is played by plucking the strings with three ivory plectra; the Samiesen, the Japanese guitar having about the size and shape of a spade with three strings; and the more familiar flute, drums, bells and gongs. There are stories of the supernatural, ancient and colorful ceremonies and also some new dances created for Azuma Tokuho by her husband, himself a talented dancer.

The Azuma Kabuki Dancers and Musicians are making their first American appearances under the auspices of S. Hurok. These engagements inaugurate a world tour arranged with the co-operation of Prince Takamatsu, brother of the Emperor, and the Japanese Ministies of Foreign Affairs and Education. They are to be here for two weeks only, with a change of program May 25. We rather fancy that even if they did not change their program there would be many who would attend more than once, as, to judge from our past experiences with Eastern dance art, there is just too much of the unfamiliar to be grasped at only one viewing.

Considering the reception they have had in other cities, it is not too early to order your tickets. It is certain to be one of the great theatrical experiences of this Season.

Jefferson Hi Alumni Slate June 5 Dance

Alumni of Jefferson Union High school have set Saturday, June 5, as date for their first annual dance.

A crowd of some 500 persons is expected to attend the function, which will be held at the Daly City community center beginning at 8 p.m.

Music will be furnished by the band of Ross Headley.

Tickets are now on sale at $1 per person and may also be purchased at the door.

Co-chairmen are Mrs. Lee Serini, Mrs. Lucille Tromborg and Mrs. Pat Wilson.

Proceeds from the dance will go toward the alumni trust fund.

FORMER DALY CITY BANK TELLER IS TAX ACCOUNTANT IN SF

Elwood J. Westrom, 33, of 369 Vista Grande avenue, former Daly City Bank of America teller has been promoted to the position of tax accountant with the main Bank of America office in San Francisco.

Westrom, a World War II veteran who served with the Army medical corps, will be one of the two tax accountants that serve California's Bank of America branch offices, according to Mrs. Sylvia Verville, 6654 Mission st., Westrom's mother-in-law.

"His family and his friends are all real proud of him," said Mrs. Verville. "He is a very modest and unassuming person and this is really a step ahead for him," she added.

Westrom is a native of Minnesota.

YOU BE THE JUDGE, is the theme for the Westlake Camera Club's first public print competition to be held Saturday in the Westlake Shopping Center. Title of the display is "Photo Fair." Shown above is an outdoor study by F. B. Ivy of Daly City, one of the many outstanding entries which will be submitted in the competition. More than 50 prints are expected to be entered in the show. The prints, all done by members of the Camera club, will be judged by the general public. Ballots will be available at the "Fair," and persons selecting the winning picture will receive a free enlargement of their favorite negative. A free gift will also be given persons who deposit their ballots at the Westlake Studio and Camera Shop. The "Photo Fair" will be in progress from 10 a.m. to 6 p.m. Saturday.

BROADMOOR--COAST GET FLUORIDATION

Broadmoor, Colma and north coastside communities will begin receiving fluoridated water about November 1 when the city of San Francisco begins treating its water supply with fluorides.

In all, about 120,000 San Mateo county residents will receive water fluoridated by San Francisco starting in November.

San Francisco will add the fluorides to the water as it is drawn from Crystal Springs lakes.

Among the communities that use water from this source are Colma, Sharp Park, Vallemar, Pacific Manor, Broadmoor, San Mateo, Burlingame, San Carlos, Belmont, Millbrae, Hillsborough, South San Francisco and Brisbane.

Some of these communities buy their water direct from San Francisco, while others, such as Broadmoor and Colma, are served by private companies such as California Water Service company, or water districts such as North Coast County Water district, which in turn buy it from San Francisco.

MAY 24-28 SLATED AS CLEAN UP WEEK

The city of Daly City has officially set May 24 to May 28 as annual "Spring Clean-Up Week."

Arrangements have been made with the local scavengers company to pick up all discarded material at no extra cost.

The annual clean-up week is conducted as a means to beautify the city and make its homes more safe.

Fire Chief Elmer Kennedy called on all citizens to take active part in the clean-up. "It costs you nothing but a little effort and it may save your home or even the life of one of your loved ones," he said.

All items to be disposed of will be picked up if left near the garbage can on the night before pick-up during the week of the clean-up.

Trustee Candidates Announce Platforms

Dunham-Norton-Toboni

We hereby pledge that if elected we will exert our fullest efforts towards restoring the philosophy and functions of the Jefferson Elementary School board as originally intended by law.

Specifically, we pledge that:

1. We will initiate policy for financial and educational programs—not merely act as a rubber stamp for the superintendent.

2. We will thoroughly analyze needs for operating and capital funds before making public requests, and when making requests, will fully explain and document the needs and purposes. No more blanks checks will be sought.

3. We will represent the wishes of the community in determining what the educational product of our schools should be.

4. We will establish a sound business organization for the District, and account for the vast sums of money annually expended.

5. We will strenously work to make more class-rooms and teachers available . . . achieve a community atmosphere of good education, replacing complacency with the realization that improvement should be a perpetual objective.

6. We will strive to take the School Board out of the Real Estate business and put that money held in surplus property into school buildings and educational facilities, thereby saving you additional tax money.

Joseph Lewkowitz

Yes, I am in favor of cutting our taxes.

We, the taxpayers, are constantly being informed of the growing need by our civic institutions fot additional funds and larger budgets.

One reason for the increased cost of financing our local police department is the large number of delinquency cases. The department is taxed to the limit by delinquency cases. This means more police services are required, investigators and probation officers. More delinquency results in added operation costs for a county detention home.

A few delinquents cause your taxes to rise. The cost of keeping youngsters on the "straight and narrow" is high.

Our only salvation is to arrest juvenile problems before they develop. Good teachers in good schools result in good citizens.

If I am elected I will do my very best to use good judgement and impartiality.—Joe Lewkowitz.

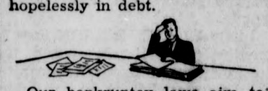
LAW IN ACTION

BANKRUPTCY

In bygone days when a man got himself hopelessly into debt, the courts would jail him until he paid. Or, as in our colonial days, a man became an "indentured" servant, and would come to America to work off his debt.

Neither jail nor servitude proved practical. A man in jail could not earn anything to pay his debts. It was drastic—something like the Siberian salt mines—to send a man to serve for years across the seas.

Through hard luck, illness, easy credit, impulse buying, or shifts in world affairs, men and women may find themselves hopelessly in debt.



Our bankruptcy laws aim to permit an honest but unlucky or weak debtor to turn over a new leaf. They allow him to file a voluntary petition in bankruptcy. He accounts for all of his property and turns it over for his creditor's benefit. The court sets up machinery to get as much of their money back as possible.

The court then adjudges the man a bankrupt. This means, with some exceptions, that the court will discharge him of his debts. Any income he gets after that time cannot be reached in court to pay his old debts.

Debtors may try to gain in ways not intended by the bankruptcy laws. If so, creditors may object. Besides, the courts may deal drastically with such debtors under our criminal laws.

Under the bankruptcy laws, a man may hold certain things such as those exempt under the homestead law — usually his home; and furniture, clothing, the family car, and the tools of his trade.

Goods bought under a "conditional sales contract"—the time payment plan most in use today, are not exempt. Creditors may have such things as washing machines, radios, TV sets repossessed for unpaid balances, for title to them is not transferred until the whole amount is paid.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello, Neighbors:

The big weekend has come and gone and the weatherman really cooperated with the fishermen. By 5 a.m. the space at Lake Merced was at a premium and the late comers just had to wait for a space. The fishing was good and several fish of 16 inches and over were gotten by man. Fact is the kids had gone out there the night before with sleeping bags and sterno stoves and waited for the first crack of dawn to catch the first fish. Sunday was another glorious day and such an assortment of fishing gear was never gathered together at one place before. Everything from surf poles to the latest in spinning rods and of course the kids' special, which was quite an assortment of anything they could get. The only losers in the two days were the fish and they really were beauties. Anyone who hasn't gone fishing yet has really missed a lot of fun.

Having a birthday and a grand time at one and the same time was MRS. CATHERINE ERICKSON who celebrated her 71st birthday with a nice dinner at the home of her daughter. Many of her other children gathered around to help her celebrate the occasion and wish her the best of everything in the years to come.

Little JAY ORNELLUS, one of the most active of youngsters for his 16 months that has ever been seen, is now home from the hospital and very actively getting into as much mischief as he can think up. Spending two weeks in the hospital wasn't enough for little Jay—he had to celebrate the occasion of his homecoming by tumbling down the back stairs. Fortunately he wasn't hurt except in his dignity and is now fine and dandy.

ITEMS OF INTEREST

The FRIENDLY NEIGHBORS, that bunch of folks from the Abbott street area that have so much fun together, gave a victory dinner for MR. and MRS. SANFORD VICKERS last week. It really was a spread, being a complete Italian dinner from the salami to the garlic bread with everything good in between. There were forty-two of the neighbors who attended this affair which was co-operative with each family bringing something good to eat. Mr. Vickers is one of the nicest neighbors there is and very much loved and admired by not only the adults but by the children in his neighborhood.

MR. LINO CISTULLE as the surprised recipient of a dinner in honor of his 60th birthday at the home of his daughter, MRS. JOHN ORNELLUS of Abbott street last week. There were forty of Mr. Cistulle's family and friends gathered to help him celebrate. The decorations were all in little Italy colors and of course the food matched the decorations. Folks came from all parts of the peninsula to wish him a happy birthday and the same is wished from all the rest of the folks, too.

The FRIENDLY TWELVE are really going to have themselves some fun this week. They are all going to load themselves into MRS. FRANCES HAUSLER'S station wagon and take off for Fairfield to spend the day with MRS. JULIA JORDAN who used to live in our town. While there they will have a nice luncheon served on the patio and of course catch up with all the happenings of the last month.

Late news of an April birthday reached me the other day. MR. WILLIAM HOBBS of Risel street picked the 29th to celebrate with the help of his family at a nice dinner. Mr. Hobbs is another of the very helpful neighbors of our town who is always ready to lend a hand whenever it is needed whether he knows you or not.

Next Monday night a grand lady, MRS. VICTORINE LOMBARD, will be installed as the Arch Druidess of Hillcrest Circle No. 143, U.A.O.D. This will make Mama's second time going through the chairs. She founded the circle many years ago and is actually the Mother of the Circle. Her installation will be private but all Druids, active or inactive, will surely be on hand to see this grand lady resume her honored place as Arch Druidess. The refreshments and decorations for the event are in the capable hands of MRS. MADELINE FELLOWS, so a good time is waiting for one and all who attend. May we take this opportunity to congratulate the Circle on their choice of a grand lady as their leader and guide through the ensuing term.

MRS. LORRAINE FAZENDEN was installed as president of the Crocker PTA last week at very beautiful evening ceremonies. She was presented with the gavel by her mother, MRS. GRACE HILL. The gavel itself was made by her father, MR. L. HILL, so she will have something to really treasure as she conducts each meeting in the future of Crocker PTA. She was installed by MRS. EDER who is an officer of the 17th District.

Having a birthday dinner attended by family and friends last week was one of the most well-known and loved of all neighbors, MR. JOHN MULLER, of Hillcrest drive. Johnny is an active member of many of the parish organizations and gives much of his time and energy to the good of others. A happy birthday is wished him from all the folks, too.

SERVICEMEN

PVT. RICHARD FITZGERALD of Fort Lewis, Wash., was heard from last week. At the present time he is just about through school learning to be a cook for Uncle Sam's army and expects to be on his way overseas soon. He was surprised by a visit from his mother a week ago who took a trip to Washington to see him just in case he didn't get home before he left. This wouldn't be too surprising as it has happened to many another of the boys.

A 1/c ALLEN GILES of the U. S. Air Force and Sutter Creek is now on leave from Japan and Korea. While on leave he visited his friends and relatives in Daly City. After his furlough is over he reports to Fort Lewis, Wash., for re-assignment to overseas duty in Indo-China.

What does a serviceman do on his weekends? One hears so much about the Navy boys and their shore leave. Here's one boy who spent his leave catching three of the biggest trout pulled out of lake Merced on opening day. Seaman WILLIAM A. BEECHER JR. of Moffett Field wangled a leave especially for the opening of fishing season. In a few months Bill will be doing his fishing from the deck of a destroyer, for which he is waiting.

Ex-Sergeant DALE PAISLEY, formerly of the U. S. Air Force and his family are now settled in Oregon. Dale is now going to school studying for CPA under the G.I. Bill of Rights. Good luck is wished Dale in his new career from all the folks.

Anyone interested in doing a good deed and also liking to go to the circus may get in touch with the Letterman Hospital Red Cross or the USO. There are many of the boys who are able to go and all they need is someone to take them. What better way to enjoy the circus than watching the happiness of one or more of these boys who gave so much for us. How about it folks?

PVT. JAMES A. JASTRUMSKE has just about finished basic training. In one more week he will be home on a 14-day furlough, which he expects to spend at Lake Merced. After that he expects to report to Fort Benning, Georgia, for service with an armored division of Uncle Sam's army.

We hear a lot being done for the boys in the Vet's hospital. Few of us realize how many of the gals are there too. One organization, PAST PRESIDENTS DALY CITY UNIT, AMERICAN LEGION, met at the home of MRS. MARGARET RECTOR of Woodrow street last week. Plans for the future of these lady veterans, which is their main project, were undertaken. The main project is to aid and assist the women veterans in the hospitals, mainly Palo Alto Vetans Administration.

NEWS AND VIEWS

MR. and MRS. MILAN STANLEY had their latest son, STEVEN MERRIT, baptised at a 2:30 p.m. ceremony at OLPH church, the Rev. Norman Allen officiating. Godmother was the baby's grandmother, MRS. E. J. STURDEVANT, III. A reception for family and friends was held at the home of Mr. and Mrs. Milan Stanley of Citrus avenue. Among those present who enjoyed a lovely buffet were his three brothers, MICHAEL, ALAN and BRIAN; cousins MARGARET and EDDIE STURDEVANT IV, and Mr. and Mrs. STURDEVANT JR., and MR. and MRS. STURDEVANT III. In the evening a host of friends and neighbors gathered to pay their respects to little Steven.

MR. and MRS. THOMAS QUICKERT announced the engagement of their daughter, ALICE, to MR. WAYNE LOVELACE, at an Easter Sunday dinner given by MR. and MRS. RYLANDUS, Aunt and Uncle of the bride-to-be at their home in San Jose. Both young people are graduates of Jefferson High, where the groom-to-be was a very popular athlete, and both young people have a host of friends. No immediate date has been set for the wedding. Congratulations from all the folks to a happy young couple.

Little DIANE HANSON, age 17 months, of Northgate avenue, has returned home from the hospital fully recovered from an ear infection. Diane has really had it. It was only a few weeks ago she toddled into the back of the car driven out of the garage by her next door neighbors. We all hope that things go better in the future.

B OF A MANAGERS INVITED TO TWO-DAY CONFAB

Managers J. Ferrari, D. J. Franco and D. D. Harris of the Colma, Westlake and Daly City branches of the Bank of America have been invited to San Francisco by President S. Clark Beise to attend a two-day conference of all management officers of the bank from all communities in which the bank is represented.

This conference is the opening event of an anniversary season celebrating the half century history of the bank, distinguished by its growth from one small office with a staff of five and resources of $150,000, to its present status as the largest private enterprise banking organization in all the world.

Bank of America now has total resources of eight and one half billions of dollars. More than 20,000 trained persons are required to staff its 543 California banking offices. Branches and representative offices also are maintained abroad in many important centers of the free world.

The San Francisco conference is to be opened tomorrow (Thursday) a date chosen because it is the birthday of the founder of the bank, A. P. Giannini, and Founder's Day ceremonies will be broadcast over CBS at 9:30 a.m. on that date.

Other events, plus a comprehensive advertising program, will mark the anniversary period, which will extend to October 17, the date which in 1904 marked the institution's first day of operation.

A. P. Giannini brought new methods and policies to banking, enlarged its scope, made it available to all classes of people, and instituted consumer financing services which greatly encouraged America's now famous development of mass production and marketing of goods.

Monterey county had 1893 farms in 1950, according to the Census of Agriculture of that year.

Mussel Quarantine Effective May 1 Through October 31

The yearly quarantine of mussels for human consumption became effective May 1 according to the State Board of Public Health. The quarantine is to protect Californians from the highly toxic poison present in the shellfish during the summer and early autumn.

The quarantine, established along the entire California coastal shore and including San Francisco Bay, will be in effect to October 31, according to Dr. Malcolm H. Merrill, state health director.

Mussels may be used for bait during the quarantine period, but must be broken open and placed in containers plainly marked in big print, "For fish bait only. Unfit for human consumption."

The health officers of the coastal and bay counties have been instructed to post quarantine warnings covering both mussels and clams.

COMMON COURTESY

If more motorists observed just a few rules of common courtesy on the highways, motoring today would be safer and much more enjoyable.

Mighty important to continued good engine performance are valve springs that have just the right tension, according to the National Automobile Club. Motorists who fail to realize this may be missing the explanation for sluggishness on the engine's part.

TOWN, COUNTRY MARKET HOLDS 3rd ANNIVERSARY

In celebration of three successful years that have far outreached his fondest anticipations, Nevolo, together with his associates, is conducting a gigantic five-day sale that started today. It will be held through tomorrow, Friday, Saturday and Sunday, with exceptional values the keynote.

Residents of this community, San Francisco and contiguous areas have been extended a cordial welcome by the management to participate in the festivities.

"In the three years' operation of Town and Country Food Center, we feel that we have made good the promise at the time of opening that a visit would prove a revelation," said Nevolo today.

"Patrons have agreed that here are the latest developments and facilities in merchandising and servicing of food products and items related to home cuisine and table needs," he continued.

The streamlined structure almost entirely glass enclosed at the front and occupying a space with a 12-foot frontage and 200-foot depth, was built by Henry Doelger, Builder, Inc., for Nevolo.

In all, more than 300 lineal feet of refrigeration units are installed in the various departments comprising the Town and Country Food Center.

DC Raiders Blue; Nobody Can Handle Guillory's Stuff

The Daly City Raiders baseball outfit are in an unusual spot this week.

They need a catcher capable of holding the fireball pitching of Anthony Guillory.

The Raiders were unable to pitch Guillory in their game against Mount Carmel Saturday because they had no backstop who could handle his sizzling offerings.

Nine-year-old Johnny Riddle stepped onto the mound and pitched excellent ball, but errors by a jittery team let him down.

Riddle allowed only five hits and struck out seven as the Raiders were downed, 14 to 2, in their first important game away from home.

A tremendous home run blast by Guillory prevented the Daly City team from suffering the humility of a shutout.

Back to the question of somebody to catch for Gullory: Anyone interested, in the 10 to 12-year-old class, may phone Billy Reynolds, PL. 5-3945, between the hours of 5 and 7 p.m.

Conference Spring Sports At SMJC Close For Semester

Conference spring sports at College of San Mateo are beginning to close out for the semester as the teams complete their Big Seven league games and matches.

Saturday the baseball team plays an important doubleheader with Santa Rosa Junior College coming to San Mateo. The first game will start at 12:30 at Fitzgerald Field. The track team will compete at Santa Rosa against all junior colleges in Northern California.

This Friday the golf squad will host Modesto Junior College in a conference match, and on May 10 will play a return, non-conference match at Modesto.

Friday and Saturday the tennis men will be ending the league season by taking part in the conference tournament in San Francisco with all seven schools of the league competing.

Jeff High Executive Board Schedules Meeting Tomorrow

The executive board of Jefferson Union high school PTA will hold their next monthly meeting at the home of Mrs. George Freeland, 156 Irvington street at 12 o'clock tomorrow (Thursday).

Co-hostesses will be Mrs. Lyal Ingersoll and Mrs. Stella Filarski. The new and old chairmen will get together to get the work organized for the new year under the direction of Mrs. Robert Pool, president.

Plans will be completed for the annual pot-luck lunch to be held in June at the Bethel Island home of Mrs. Ida Hanley, former resident of Daly City and a past president of the unit.

Final arrangements will be made for the meeting and fashion show to be held in the high school auditorium on May 20, under the direction of Miss Elizabeth Jones, who is in charge of the home making department.

SEVEN INVOLVED IN ACTION BY VEHICLE DEPT.

Recent action by the State Department of Motor Vehicles resulted in the revocation, suspension and probation of the licenses of three Daly City men and acted to reinstate the licenses of three others.

John J. Green's license was revoked by the department. Green lives at 166 Santa Cruz avenue.

The license of A. Ziegele, 223 Irvington street, was suspended while the license of Gerrit J. Zwiep, 667 San Diego avenue, was placed on probation.

The court recommended no suspension of the license of Luther B. Nicholson, 90 Forest Grove drive, convicted of drunken driving charges.

Edward D. Molinario, 160 McKinney avenue, Sharp Park, John F. Chew Jr., 255 Station avenue, and Otto T. Christensen, 469 San Diego avenue, received reinstatement of the licenses during the past week.

POLITICAL BACKING DRAWS WESTLAKE IRE

Repercussions of the recent Daly City election were still being felt this week, as the Westlake Improvement association board of directors Monday night were called down by members for their part in sponsoring three of the defeated candidates.

Pictures of several of the board members appeared in an advertisement prior to the election endorsing incumbent councilmen Paul Green, Anthony Gaggero and James Kennedy. In the political message, the men listed their names and their positions as directors of the Improvement Association.

"Who Authorized?"

John B. Drye of 148 Wilshire avenue, who was an unsuccessful candidate in the council race, rose at the meeting and questioned the board as to "who authorized the board's endorsement of this 'top team'?"

He pointed out that two years ago other candidates came to the board seeking endorsements and the association directors refused.

"I was flabbergasted when I saw this open endorsement," Drye added.

Drye also referred to the recent use of the Clubhouse as the site for a political rally for the three candidates in question. "Two years ago use of the clubhouse was denied by the board and the policy at that time was that the building wasn't to be used for political purposes."

Starr Dunham, president of the board, retorted, "I don't wish to be discourteous, Mr. Drye, but you haven't been a paid-up member of the association for two years.

Three Friends

"We made our endorsement with the understanding that if these men were elected we would have three friends in office, who would be interested in the welfare of Westlake," he continued.

"Besides," he added, "There's nothing in the by-laws that says we can't take a stand in politics."

"In other words," Drye countered, "as long as the by-laws say nothing about endorsements, you can take any stand you wish without consulting members of the association."

Board member Cass Norton then entered the argument. "It's up to the discretion of the five board members. We thought this endorsement was necessary to the Westlake community in order to obtain further improvements for the area," he explained.

No Interest

He went on to point out that somebody "has to take interest in city government. The people of Westlake proved in the election that they don't take much interest in Daly City government."

An unidentified member of the audience said the reason many citizens in Westlake voted against the "top team" was because the board members had endorsed them.

Among other charges made from unidentified members of the audiences was: "I don't think the Improvement association has any business in politics. The board has lost sight of its duty as an 'Improvement' association."

Another association member said, "I don't think five men should be given the responsibility of deciding what's right for the whole Westlake community."

Turnabout

One man charged that a director had only recently told the association that they shouldn't vote for Gaggero-Green and Kennedy, and then, prior to the election, had campaigned actively in their behalf.

Drye concluded his argument by saying, "Let's clear up this question if you men were endorsing the incumbents as individuals or as members of the board. It seems to me when you add your title in the association to any endorsement you're not acting as individuals."

That closed the matter for the evening and the board went on to the next order of business.

Maintenance Man

Among other important topics taken up Monday was the possible hiring of a maintenance man by the association to take care of trees and miscellaneous gardening work.

The question was brought up by board member Arch Lumardi, who said, "We spent $7000 on trees last year. Why not get a full-time maintenance man to do the same work for less?"

He suggested hiring a man at $400 a month.

"I believe we would get a much higher percentage of association membership renewal if we could show the people what they're getting for their money," Lumardi said.

Director E. Molkenbuhr suggested that a maintenance man be put on a three-months trial basis to see how the idea works out.

Study Possibility

Norton moved that Lumardi be made chairman of a committee to study the possibility of hiring a full-time maintenance man.

In other business Monday, the board:

1. Heard a report from Don Haas of the architectural committee. Haas said the "starwberry situation" brought up last month was well in hand.
2. Approved application of Robert Smith of 79 Fairway to construct an upstairs room.
3. Moved to go ahead with a letter urging delinquent members to pay their association dues.
4. Informed members that a complaint had been signed against the woman charged with operating a boarding house in the Westlake subdivision.
5. Discussed when El Portal way would again be opened to traffic.

BROADMOOR SCOUTS' MOTHERS AUXILIARY TO MEET MAY 11

The next meeting of the Mothers' Auxiliary of Boy Scout Troop 84, Broadmoor Village, will be held in the home of Mrs. Chessman, 1624 Sweetwood drive, on May 11. Mrs. Cowden will be cohostess.

A dinner was given by the fathers of the troop, in honor of the mothers and the Scouts at the past meeting of the auxiliary.

The dinner, prepared and served by the fathers, was followed by entertainment provided by pupils of the Carol Williams Dance studio. An instrumental quartette, Jed Cyr, Billy Krueger, Bob Garrettson and Gary Cowden, members of the troop, played several selections.

BROADMOOR POLICE AMBULANCE HAS ITS BUSIEST WEEK

The Broadmoor Police ambulance had its busiest week in its two-year period of service this past week, according to police Sgt. Don Tannehill.

The ambulance, operated by the police department, answered five emergency calls in Broadmoor, unincorporated Colma, Garden Village and Sterling Park during the past seven days.

According to Tannehill, the ambulance is driven by policemen during their off-duty hours and is available free of charge to taxpayers in the areas mentioned above.

The ambulance is used only for emergency cases and may be called by phoning PL. 5-4212.

SAN FRANCISCO IS "OUT" ON YOUR MAILING ADDRESS

That San Francisco address on your letters is out.

So said Vincent Murphy, newly-appointed postmaster of the independent Daly City post office.

When Daly City operated as a branch of the San Francisco system, it was correct procedure to address Daly City mail either "San Francisco, 25," or "Daly City 25."

Now that Daly City has its own postoffice, correct address is "Daly City, Calif." Murphy pointed out.

Colma residents' mail may be made out, "Colma, Calif.," as before.

Three Jeff Squads Compete Tonight In PAL Track Finals

VARSITY THINCLADS OUT OF CONTENTION

Jefferson's varsity thinclads were virtually out of the running the 1954 Peninsula Athletic league track and field finals to be held tonight (Friday) in Sunnyvale, but the lightweight teams pulled through in Tuesday's trials and could upset the powerhouse San Mateo trackmen.

In Tuesday's trials at South San Francisco the Indians unlimiteds could place only three men and their relay team, which eliminates them from any chance of winding up first in tonight's big one.

Allen Cops 880

Larry Allen figures to be the only Jeff representative to "finish in the money" tonight. Allen copped the 880 trials Tuesday in 2:07.4, far from his best time. If he's at his running peak tonight he should be able to nab a first for the locals.

Wally Honeywell pulled in third in the 440 Tuesday. Winning time was 51.7, and Honeywell will have to extend himself to place in tonight's go.

Surprise of the varsity competition Tuesday was discus flinger George Seger, who got off a 113-foot toss, exceeding by 10 feet his best effort this year. The heave was enough to give him fourth in the trials.

Relay Team Third

Only other Jefferson entry tonight in the varsity division will be the relay team, which took third Tuesday. Winning time was 1:33.6.

The Daly City 30s squad placed six men and their relay team in the trials, establishing them as an utside shot to top the strong San Mateo aggregation.

Leading the local "B" team were Lowell Klaisner and Jim Rector on the cinderpath, and Bill Curtis and Dave Coates in the field events.

Klaisner was runner-up in both the 75 and 150 yard dashes. Winning times, respectively, for the two races were 8 flat, and 15.1.

Rector topped the field in the 1320, posting a 3:27.9, way off his best time of 3:18.7 registered at the Stockton relays last weekend. Rich Fambrini of the Jefferson team made it a near sweep for the locals as he finished second in the three-lapper.

Curtis Gains Tie

Curtis tied for first in the high jump at 5' 1." The heavy wind accounted for the low height, observers said.

Tieing for first in the pole vault was Coates, with 9 feet the height.

Clark Souza took a fourth for the Indians in the 660, while Ron O'Rourke ran third in the 330.

The local relay team captured their event, winning in 47.7. The team was made up of O'Rourke, Klaisner, Jerry Nix and Duane Hale.

San Mateo wound up in the best spot for the 30s race, qualifying 13 men, most of them in the field events.

Mike Piazza and Ron Bernstein led the way for the Daly City 10s. Piazza rang up a second in the 75-yard dash and a third in the 150.

Bernstein broke the tape first in the 330, touring the distance in 40 flat, an exceptional time but still 1/10 second away from Bernstein's top performance this season.

He also gained a fourth in the broad jump.

Dan Miceli registered a fourth in the 330, while Armando Guiterez wound up second in the 120-yard low hurdles.

Boyd Hillyer tossed the shot 39' 2" for a fourth in that event.

The 10s relay squad led the pack in the 440, being clocked in 48.6.

Tonight's activity will mark the last track campaign this season for the Jeffs, with the exception of the North Coast Section meet which will be held May 22 at Berkeley.

Introduce PA System For Marchbanks Park

An innovation in baseball presentations at Marchbanks park was introduced last Sunday when the recreation department installed a public address system for announcing the contest.

Persons who witnessed the contest said the PA system "brought a lot more life" to the game.

Music was also provided between innings for the fans' enjoyment.

The PA system, handled by James Mason, recreation director, will be in operation for the 11 a.m. and 2 p.m. contests.

FINAL ROUND IN DC CAGE PLAY NEXT WEEK

Alta Roofers Lead Pack; Ralph's Still Has Outside Chance

Winner of the Daly City Adult Basketball league will be decided Monday and Tuesday night of next week at the community center when six teams meet in the final contests of the season.

Alta Roofing, leading the circuit with four wins, no defeats, faces one-game winner VFW on Tuesday at 7:30 p.m.

Only team with a chance of winding up in a tie with Alta, should Alta lose Monday, is Ralph's Cleaners, who have a 3-1 record. Ralph's will vie with the Tromborg's Tuesday at 8:30 p.m. and it should be a pushover for the cleaners gang. Tromborg's has not won a game this season in four starts.

The VFW-Alta clash stacks up in favor of the roofers, but VFW will have an upset potential with Big Joe McNamee back in the line-up.

In the only contest held this week, Alta turned back Sarto A.C., 74 to 66, as Harvey Cranow piled in 21 markers for the roof menders and teammate Jim Walsh of Stanford dropped 19.

The big guns of the Sarto club, Jack Dederman and Tom Costello, racked up 50 points between them, each getting 25, but the A.C. five was never in the contest.

Dederman just returned from the armed forces and has only seen action on the pavilion for three weeks. He is remembered as the first Jefferson varsity cager to make first string All-PAL squad.

In other final league actions next week Sarto will face Gigli Monday at 8:30 p.m. in a contest that will have no bearing on the league standings.

The Parks News From

Our first bit of news this week from Westlake is to bestow our congratulations to Mr. and Mrs. Edward Mosconi who have acquired a playmate for Steven. (Ed is currently a supervisor in the Daly City Recreation department.) The arrival is a six pound, seven ounce baby girl. The new arrival will become Miss Carol Ann Mosconi.

This week I would like to mention the tetherball courts which are kept in continual use by both the boys and girls of whatever age. However, the age group is predominately from five to twelve. These tetherball courts are in constant use and a line of children is usually waiting. The joy which is realized from the game must be great, for the youngsters will often wait ten to 15 minutes in order to participate for a lesser period of time.

The object of tetherball is to completely wind the rope . . . from which the ball is suspended . . . around the supporting pole. The object or goal seem relatively simple but various prevailing rules tend to give the game a great deal of competitiveness. Then, too, each individual is attempting to divert the ball to the exact opposite of his opponent. In brief then it can be seen that while the game appears relatively simple, the insertion of two youngsters with an equal desire to win immediately introduces the complexity and prevailing competitiveness which the youngsters more greatly appreciate.

OLPH MIDGETS DO IT AGAIN---TOP EPIPHANY 3 TO 2

OLPH MIDGETS, shown above, added another win to their 1954 campaign last weekend, as they defeated Epiphany, 3 to 2, in a CYO league contest. The team formerly played under the name Sarto Midgets, but are now competing under the church colors. Members of the squad, managed by Harry Krohn, are (top row, left to right): Olin Craig, Skipper Crudo, Don Cubic, Ron Kalinin, Billie Whalen, Larry Kane, Mickey Kondoulas and Joe Millet; (bottom row) Mike Kennedy, Barry Krohn, Jeff Pearlman, Jim Lufrano, Jim Millett, Georgie Claus, Rich Morales and Billie Kane.

OLPH MIDGETS NIP EPIPHANY 3 TO 2

In a tight defensive dual, the OLPH Midgets downed Epiphany last weekend, 3 to 2, in a CYO league contest.

"Skipper" Crudo was the lifesaver for the local club, as he drove in a run in the second frame and scored one run himself.

Crudo's single, coming in the second inning to tie the score, 1 to 1, was the only hit for the local club.

Larry Kane held Epiphany to four hits, striking out five batters and walking one.

Epiphany scored once in the first inning and once in the fourth on a passed ball.

In the final frame with the score tied 2 all, Left Fielder Mike Kennedy, capitalizing on an error, advanced to second base. He reached third on Mickey Kondoulas out and was scored on an infield out by George Claus.

LOCAL NINE DUMPED BY CARDS-MUSTANGS

Jefferson's ball club took a couple on the chin in their last three campaigns, but old faithful Half Moon Bay came through on Tuesday to give the Daly City diamondmen their third PAL win of the season.

Out of the three wins the local lads have been able to muster this year in league play, Half Moon Bay has been the victim twice.

Against Capuchino last Friday, the Indians suffered a 2-1 setback, for their second loss this season to the league-leading Mustangs.

The locals were embarassed again Wednesday when the Stanford frosh walked over them, 13 to 2, with the cards getting 13 hits off chucker Don Delbon.

The Jeffs could only cash in on two runs on their seven hits against the Palo Alto nine. Leo Villar got two for three, while Bob Bailey, Bob Gaggero, Ed Guisti, Wayne McNeal and Murphy had one apiece.

Against Half Moon Bay Tuesday, the locals had easy going all the way, 16 to 2. Delbon korked on the mound, allowing four hits, striking out five and walking one.

Villar turned in a stellar performance at the plate, getting four for four, one a round-tripper. Bailey got two in four tries, Al Figone two for two, Guisti one for two, McNeal one for two, Kelly Ellifson one for two and Jim Honeywell one for two.

Teh locals had it rough in losing to Cap Friday.

The Jeffs had a total of six hits, to three for Capuchino, but could only push one tally across.

The Daly City nine registered their only score in the third after Villar was walked to first, Figone singled, sending Villar all the way home after the Mustang's Bill Cunningham got in a bad peg to third.

The Caps tallied in the first frame and from the third on it was deadlocked, 1 to 1.

A single in the bottom of the last inning by Frank Caliva, scored a man from second, dousing the Jeffs' hopes for extra innings.

FIVE SWIMMING MARKS TOPPLED AT JEFF MEET

A quintet of school records went by the boards last week as Jefferson High school swept a three-division PAL swimming meet from Carlmont High at the Daly City tank.

The locals racked up a win in the varsity, 50 to 24, the 30s, 44 to 22, and the 20s, 36 to 7.

Jim Galindo of Jeff rang up a new record in the varsity 200-yard freestyle, stopping the clock in 2:19.6

The Daly City varsity four-man relay team of Ruelas, Galindo, R. Saunders and Kyle bested another standard, registering a 1:47.5.

In the 30s division the Indians' Bob Saunders broke the 50-yard backstroke mark, going the distance in 32.7. Mike Mahoney of Carlmont claimed a new record in the 30s 75-yard individual medley with a time of 50.1. Phil DeLucchi of Jefferson set a new school low in the 20s 50-yard breast storke, winning in 36.7.

Football Films To Be Shown At Jeff

On Friday, May 7, in the school auditorium, the Associated Students of Jefferson Union High school will present four of the more exciting football games of Jeff's highest scoring team.

In addition to the viewing of these four movies, all victories for Jeff, a football clinic, will be presented during the intermission. In the clinic, explanations of plays and signals will be given, and inside strategy will be revealed.

The showing of these movies will mark the last time to see such Jefferson grid stars as Jack Thur, Ray Rosa, Don Delbon, Wally Honeywell, Jim Minor and John Madden.

All of these athletes made All-PAL last season, Jack Thur and Ray Rosa also winning berths on the All-Northern California squad.

The show will open at 8 p.m. with two movies. The intermission will follow with the clinic, and a talk on protective equipment and its finance, a topic of much interest to the taxpayer.

The speaker will be Joe McGrath, head varsity football coach, who will also narrate the games shown.

The proceeds from the show will go towards the repayment of the Associated Students for the money advanced to take the pictures.

Admission is 75 cents for adults, 25 cents for students.

REBUILDING JOB FACES SARTO CLUB MANAGER

Krohn Eyes Prep Talent For Team

After defeating San Francisco Stars last weekend, 12 to 11, in a slam-bang ten inning affair, the Sarto A.C. baseball club management this week began to look towards the re-building task that faces them.

Joe Sarto, sponsor, and Harry Krohn, manager, have launched a drive to develop a winning club such as the one they had last summer, which won 15 out of 18 games played against top caliber opponents throughout California.

From last year's smooth operating aggregation, Sarto A.C. lost Tito Sarto, John Olcese and Leo Giannichini to the armed forces, and Ted Welp, Bob Zucca and Ron Coburn to advanced education and pro ball.

"You can't replace players like those overnight."

However, Krohn is eagerly eyeing the end of the high school baseball season when he can begin picking up some of the outstanding performers from local schools.

"We'll have another top club this year as soon as the kids are through with high school sports," Krohn said.

PACK 1 DUMPS WESTLAKERS, 15 TO 8, AS TAMBOR WALKS 11 MEN IN 3 INNINGS

Last Saturday on the Aptos grounds Westlake Pack 248 "A" team lost to the strong Pack 1 team by a score of 15 to 8.

The Westlakers had plenty of defense and offense but their usually dependable little southpaw Jeff Tambor was the cause of his own undoing. While allowing only nine hits and striking out six, he had some wild spells, walking 15 men, 11 of these in the first three innings, when most of the ivtor's runs were scored.

The Westlakers seem to have improved greatly and seem to now have a very good defense and offense, and good pitching but at times are not able to put them altogether at the same time. Beerman again led the Westlake attack with three for four, one being a grand slam home run. In the bottom half of the seventh the Westlake team threatened and Jim Pinelli came through with a long triple, scoring two runners.

On Wednesday (today) at 6 p.m. Westlake 248 plays off the rained out game with league leading Pack 84 Broadmoor team at Jefferson High school. This should be a top game and will probably draw a good crowd because in spite of their defeat Saturday, the Westlakers have been playing a good brand of ball.

Saturday Westlake takes on Pack 83 at 10 a.m. on Vicente No. 1 diamond.

On Thursday evening, May 13, 248 closes its season with the playing of a postponed game with Pack 36 at 6 p.m. on the Aptos grounds.

OVER 800 WITNESS TOURNAMENT HERE

Nobody from Daly City won it, but a lot of the local club-swingers came close in the $10,000 San Francisco Open and Pro-Amateur Championship held at Lake Merced over the past weekend.

Despite balmy weather the last two days of the tournament the San Francisco Junior Chamber of Commerce event drew only about 8000 persons.

A lot of them were hometown fans who turned out to see what the local boys could do playing right next to all those "names."

Best In DC

Turning in the best representation for Daly City was Police Chief Roland Petrocchi who, teamed with pro George Buzzini, tied for 11th in the field.

The Petrocchi-Buzzini combination fired best ball rounds of 67-71-65, to wind up with a 205 total, five strokes off the Pro-Am winning score racked up by Pro Bud Ward and Stanford's Dick McElyea.

Further on down the line on the winners list was local swinger John Geertsen, pro at San Francisco, who, with the aid of amateur partner Walt Brotschneider, toured the greensward in 207, good enough for 21st, which isn't bad considering nearly 100 hopeful teams started out in the affair on Friday's windy opening day. Their team had rounds of 70-66-71.

Landi In There

Tied with this duo was diminutive Lido Landi of Sharp Park and pro partner Larry Brazil, who toured the big 54 in rounds of 76-63-68.

One stroke further down the ladder with a 208 were Art Bell, pro, and his young golfing partner, John Geertsen Jr., of Jefferson high school, son of the elder John who almost made good in the tourney.

Young Geertsen and Bell had rounds of 70-67-71.

Another Daly City copper, Art Linhares, brought some fame to the fold by teaming with pro John Zontek for another 208, shooting 70-68-71 on the three 18 hole tests.

Markovich-Fair

Pat Markovich, brother of well-known DC figure, Pete, joined up with George Fair, head custodian and bus driver at Jefferson high, to register a 215, not a winning score but somewhere around 46th, which is about half-way between the top and the bottom.

Only other provincial competitor, Syl De Luca, wound up in 55th place, playing with pro John Foge.

Last, but of course not least, Shelley Mayfield won the part of the tournament that counts for the play for pay boys. Mayfield turned in an individual score of 212 for 54 holes to cop the $1400 first place money, beating out Dr. Cary Middlecoff by one stroke.

Sharp Park's Landi as 13th in individual scoring, aided by that sizzling 65 he shot in Sunday's round, breaking the course competitive record. He had a total of 221.

The pro side of the Daly City Geertsen family didn't get any money for his efforts, but scored a 225 to wind up 23rd in the rankings.

Gendarme Art Linhares was an even 50th down the line in indi-

Young Ball Club Wants DC Sponsor

A group of hustling Daly City ball players who have only lost four out of their last 21 games sent out an urgent plea for a sponsor this week.

The club, which has played under the name of the Colma Eagles for the past three months, would like to secure a sponsor in the Daly City area so they might enter a local league.

The players are all in the 13 to 15 year-old age group. Some of the youngsters have been approached by other leagues, but have refused to "sign" because they want to keep their original outfit together.

The team is captained by Ino Patron, who plays pitcher and catcher. He may be contacted at 529 San Diego avenue, or by telephoning PL 6-0909.

Other members of the club are: John Miller, center field; Jim Wilson, first base; Bob Benedetti, secodn base; Ken Northgrave, short stop; Bill Brown, right field; Kirby Martin, left field; Larry Schonfelt, third base, first base; Sonny Martinez, first base; Paul Tapia, pitcher, catcher.

In their past 21 outings the team won 16, lost 4 and tied one game.

SPRING HAZARD

Springtime and wildflowers are bringing out an increasing number of motorists, says the California State Automobile Association, and many of these people are not accustomed to highway driving. The result is the need for all who use the roads to exercise more care.
